

# Social Working Group

---

Lead: Jollibee Group Foundation

Updates as of April 1, 2024

- Initially organized into **clusters** with sub-leads:  
Education, Agri / Rural Development / Food Security, Health & Nutrition,  
Migrant Workers, Measurement, Communications
- Oct. 27, 2023 meeting – some members wanted to focus on policy advocacy;  
others to look into promoting collaborative work

**Policy Advocacy group** – discussion on the specific role that CSOs should play to maximize participation in policy engagement

**Program Collaboration group** - reporting tool as basis for learning each other's work & laying the foundation for collaboration

# Social Working Group

Updates as of April 1, 2024

- March 13, 2024 meeting – Mon Derige/SEAOIL Foundation presented the **draft Assessment Checklist on the Phil. SDG Indicators** put together by the Measurement & Monitoring Working Group

## **Key recommendations from the group:**

- ☐ The tool captures the Tier 1 SDG indicators (*indicators with established methodology, regularly collected*). The group recommends that government reporting **go beyond Tier 1**; contributions of NGOs also go beyond Tier 1:  
e.g. SDG indicators 2.3 and 2.4 (agriculture), 4.2 (quality of learning)
- ☐ Members to **list all strategies** to determine the breadth of strategies deployed by NGOs; then synthesize them after
- ☐ **Change “Standards” to “Targets”**; standards can be developed later on collectively by the NGOs

# Social Working Group

Updates as of April 1, 2024

## Key recommendations from the group:

- ☐ NGOs report on **organizational targets**, instead of country targets  
(*unless the organization has taken on the country targets as well*)
- ☐ Provide a **glossary of terms** to serve as guide
- The tool has been updated incorporating some recommendations, with inputs from NEDA

## Next steps:

- Working group members to accomplish the updated tool in full by April 3, 2024
- JGF & Mon Derige to process the results & produce a summary
- Present the results back to the working group for further discussion on April 25, 2024
